# TOP 7 NIGHTCLUBS IN UMEÅ 2018

# HERE WE GO!

Below we've included a list of our favorite places to drink, dance and socialize. We picked these because of their popularity, prices, music, and well, our degree of drunkenness...

# Allstars

This American styled sports bar is located in downtown Umeå, which turns into a rocking dance floor every weekend. Allstars has a pretty extensive cocktail menu and their nachos are to die for! The entrance age varies for each event, so be sure to check that out well in advance! They play pop and house music and have a mixed crowd. The entrance fee is usually around 80 - 120 SEK.

# Pub Hundra

Hundra uses the unique concept of a “democratic” dance floor where the crowd decides which song is being played. Located in the centrum of Umeå, Hundra offers four bars and a karaoke machine in the basement. Definitely a must place to visit, make sure to come early because the queues are sometimes incredibly long. The nightclub is usually open on Friday and Saturday and costs around 80 - 120 SEK entrance fee. The music varies between pop, house and rock music.

Friday

Saturday

# Rouge

Rouge is located in Ålidhem, an area mainly populated by students. The club hosts various events from beer pong tournaments to normal nightclub evenings. This club tends to not only be popular among students due to its location, but also because of their highly affordable beer prices :) The music there is usually pop and house. They are open on Friday and Saturday with an entrance fee of 60 - 100 SEK. If you download their app and sign up to an event beforehand, you'll get free entrance (charge your phone)!

Saturday

# Rex

Rex serves as a restaurant/bar duo, which transforms into a huge nightclub on Saturday nights. With three floors, several bars and one big dancefloor located in the centre of Umeå it's a pretty popular place to go to. Not only because it's perfectly located next to MAX and McDonald's, but mainly because of the mixed crowd, good cocktails and outdoor ambience in the summer. However, it tends to be a bit pricey with an entrance fee of 145 SEK... The music varies between pop and house.

Saturday

# Origo

Origo is a student pub close to the IKSU sport center and is driven by the natural science and technology department. These guys throw pretty neat parties, especially their Club X event is incredibly popular. The music is a mix between house, pop and Swedish classics. The place is open usually on Friday and Saturday and varying weekdays. They sometimes charge a small entrance fee from 0 - 50 SEK for their events. A word of advice don't challenge them to a drinking contest... you'll lose...

Always

Student Pub

## E-Pub

E-Pub is a student pub that resides on the Umeå university campus. This place is the playground for business and economic majors and gets really fucking crowded when they throw one of their exam parties, which I can only recommend (it's fun!). The music is a mix between pop, house and some swedish classics. They are usually open on Fridays and Saturdays but might have other events during the week. You need a student ID to get inside and the entrance fee varies from 0 - 30 SEK.

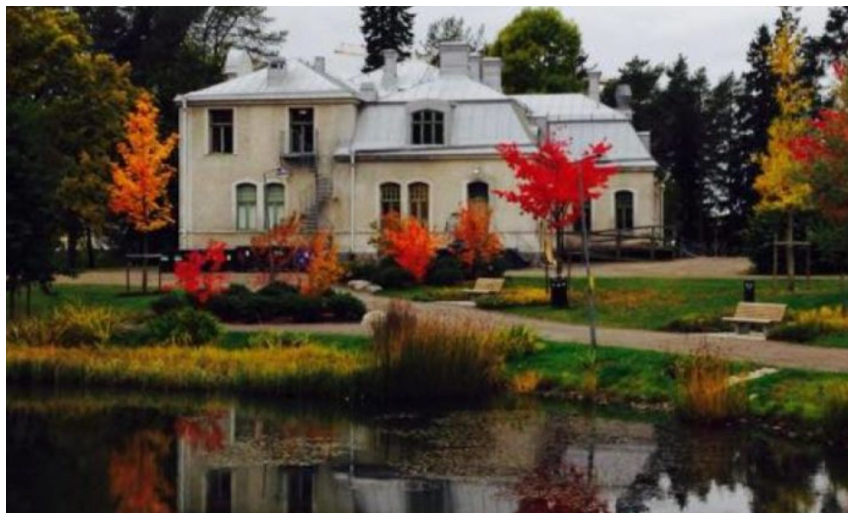

Always

Student Pub

# Villan

Villan is another student pub next to the hospital and is run by the medical students. This place hosts some really dope parties and the people there are incredibly kind and open. The music is mainly pop, house and swedish classics. It opens its doors usually on the weekend. The entrance fee ranges from 0 - 60 SEK. I highly recommend to check out one of their sittnings, it is definitely an experience which you'll never forget.

Always

Student Pub

# DID YOU KNOW THEM ALL?

This information and much more such as real time queueing times, current crowd sizes at a club, a “where the f\*\*k are my friends” feature and a lot more, are displayed in our (invite only) app.
